AariCasa is an initiative taken by Mr. Satish Bairwa, his drive and passion for design are beautifully executed through his technical expertise in creating high-end quality pieces with attention being paid to the comfort of the furniture, lavish design and unparalleled quality. The core competence of Aari Casa is to follow the latest design trend that is prevailing in the Europe, and to customize the product by keeping their clients requirement in mind and offering the best possible solution to the clients. AariCasa has carved a significant niche for itself in Luxury Furniture industry. It has become synonymous with design brilliance and innovation with an essence of quality. AariCasa appeal lies in its artistic splendour and luxurious comfort making it the most preferred choice for all its customers.

About Interiors Every interior provides the designer with a unique challenge, one which is often a compromise between the idea and the practical. AariCasa can help to blend the two by providing a custom service that covers all aspects of interior work. From general site preparation and project management, to the design, manufacture and fit of bespoke interior solutions. With a large and varied portfolio of works, AariCasa can draw on its considerable experience in confidently providing cutting edge solutions for both Domestic and Commercial interior projects. We provide a practical approach to interior solutions at all stages of a project.
