BOLD carries an extensive range of products that are designed for new building projects as well as renovation and modernizations. Backed by its robust supply chain system it has contributed definitely to the transformation of innovative bathroom solutions, complementing every bathroom and kitchen with its distinct design culture.

At BOLD design, innovation, sustainability and holistic well-being are ingrained as part of our corporate ethos. Inspired by these values BOLD presents unique products to architects, designers, contractors, retailers and the DIY trade. At each and every market level we create a brand experience.
